SOARING INTO 2ND GRADE

Reading: In reading this week we reviewed finding main idea and key details. We used the story

Astronaut Handbook to help us practice the skill. We also briefly discussed Greek and Latin roots.

Grammar: In grammar we reviewed adjectives and started discussing comparative adjectives.

Writing: This week in writing we began our Secret Life of Pets writing. The students are writing what they would do if they were a pet and their owner was away.

Math: We continued with our geometry unit this week. We reviewed 3D shapes and their qualities and were introduced to partitioning and fractions. We ended the week with an assessment of the information.

***Don't forget about your child's signed field trip permission slip and \$5. I must have both in order for your child to attend.**

Have a wonderful weekend!

APRIL BIRTHDAY'S

Keaton - 30
Kenzie - 30

| 8. ENJOY | |

STUDY EVERY NIGHT!

High Frequency Words

If your child is having trouble reading the basic words which make up most of our stories, please take time each week to practice the following words each night for 5 minutes. It will make a huge difference in their reading fluency. I will include the weekly high frequency words in the newsletter for you.

against, anymore, complete, enough, river, rough, sometimes, stranger, terrible, window
