THINGS TO HELP YOU DECIDE WHICH SCHOOL IS BEST FOR YOU

- Large, Medium or Small campus
- Public vs. Private
- In-State vs. Out of State
- Location
- Cost
- Scholarships
- Major
- Programs (i.e. student services)
- Extracurricular Activities
- Athletics

CAMPUS VISITS

Campus visits will help you narrow your list! Here are some things to keep in mind:

- Contact the Admissions Office well in advance
- Inform college of special areas of interest
- Learn as much as possible about the college before the visit
- Consider taking an updated resume with you
- Plan to spend the whole day. Try to sit in on a class, tour the library, talk to students in addition to the tour guide, eat lunch in a cafeteria, etc. For these reasons, it's best if you can visit when the college is in session.
- It's always a good idea to write a note of appreciation to individuals who helped you during your visit
- Don't forget you can visit schools of interest during summer and fall break to avoid missing high school classes

SETTING UP A VISIT

- Most colleges prefer you set up your visit online through their admissions website
- Be sure to get the college visit forms from the guidance office BEFORE leaving for your visit. You will also want to let Mr. Messer know BEFORE your visit. When you return, be sure to turn your signed paperwork into the guidance office to have your absence verified.
- Plan ahead!

LETTERS OF RECOMMENDATION

- Give recommender plenty of notice - 2 weeks is nice!
- Helpful to give the recommender a copy of your resume or a “brag sheet” so they can write a well-rounded letter
- If the letter needs to be mailed, supply the recommender with an addressed, stamped envelope
- Follow-up with a “thank you” note to the recommender

ESSAYS

- Usually required piece of application for private colleges and highly selective programs at public universities
- May be beneficial to write a general essay over the summer
 - Make sure to go back in and make it personal for each school/scholarship
- Know who will be reading your essay (admissions, professor, scholarship committee member, etc)
- Have someone read prior to submission
- Spell and grammar check

COLLEGE PREP CALENDAR

This is just a suggestion!

- Junior, Spring Semester: Take the SAT and/or ACT
- Junior, Now - October: Take college visits
- Senior, August - November: Apply to colleges
- Senior, August - October: Re-take the SAT/ACT if needed
- Senior, October 1 - April 15: Complete the FAFSA
- Senior, All Year: Check the scholarship list and apply
- Senior, May (or sooner): Respond to admission offer(s)

It is critical that you check your email(s) addresses daily from now until graduation for important dates and deadlines!

SAT/ACT

- Standardized assessments required by most colleges - results give admissions an idea of how you might perform academically
- Check with schools to see which test they require (Most accept both, but definitely check!)
- Best to register online to immediately reserve seat
- There is a fee each time you take the test
 - Rarely will a refund be offered so make sure you are available the date you are scheduled to test!
- Must be sent from the testing company to the college - Don't forget this step or it could cost you later!
- Make sure you have taken the test WELL BEFORE school deadline! Most schools require test scores for application to be considered complete
- Takes several weeks (typically 6) to receive score reports
- May want to give yourself time to retake test if unhappy with scores

SAT VS ACT

ACT

- Almost all US colleges accept
- Testing Time:
 - 2 hrs 55 min without writing
 - 3 hrs 35 min with writing
- Tests on: English, Math, Reading, Science, & Writing (optional)
- Online multiple choice questions
- Maximum score is 36
- No penalty for wrong answers
- Cost:
 - \$60.00 - no essay
 - \$85.00 - essay

SAT

- Accepted by all US colleges
- Testing time:
 - 3 hours without writing
 - 3 hrs 50 min with writing
- Tests on: Evidence-Based Reading and Writing & Math - Optional Writing
- Some math questions not multiple choice
- Maximum score is 1600
 - Math and reading sections scored between 200 and 800
- No penalty for wrong answers
- Cost:
 - \$55.00 - no essay
 - \$88.00 - essay

SUPER-SCORING SAT/ACT

- Many colleges and universities are now super-scoring the ACT/SAT
- Super-scoring involves taking the highest section scores from multiple SAT/ACT test sittings and creating a composite
- This allows for the best possible composite score for the student and also encourages the student to take the assessment more than once

DUAL CREDIT

- If you have earned any dual credits at NDHS, SDHS or C4, it's important to request transcripts from those post-secondary institutions as soon as the semester is finalized
 - You will want to request those transcripts be sent to the post-secondary school they plan to attend as well - colleges won't accept them off of the high school transcript
 - Take these transcripts to college orientation and/or when meeting with the college advisor so you don't get scheduled in a class you have already received credit in
 - Dual credits can also be valuable when thinking military - at 15 college credits, many branches of the military will increase rank and/or salary for incoming recruits

People also ask

How do I get my Ivy Tech transcript?

- Transcripts sent electronically (PDF) may not be accepted by recipient. **It is your responsibility to verify recipient requirements.** If the recipient refuses the transcript, you will not be issued a refund, and you will be required to re-order.
- All mailed transcripts will be enclosed in an official Ivy Tech Community College sealed envelope. Transcripts mailed directly to students/former students will be official unless opened. Many academic institutions will not accept a transcript issued to the student if the transcript has been opened.
- Orders received Monday through Friday will usually be mailed on the next business day.

If you live in Indiana and would like local service, go directly to the nearest Ivy Tech Campus Registrar's Office. Office hours are Monday through Friday, 9:00AM to 5:00PM.

The fee is \$5.00 per transcript (cash, check, Visa, MasterCard, Discover), **photo ID required**. Orders processed online require a credit or debit card.

Clearinghouse Notifications

Payment will be accepted, if a cost is involved, with any major credit or debit card. Your credit or debit card is not charged until your school sends your transcript(s). However, if you use a debit card, your bank may put a hold on your funds when we pre-authorize your payment. If you have questions on the pre-authorization, please contact your bank.

DUAL CREDIT

- Remember: Some dual credit courses have test score or GPA requirements. Just because you're taking a dual credit course doesn't necessarily mean you're getting the dual credit
- Watch your grades closely in dual credit courses
- If you and/or your teacher feels you are in jeopardy of receiving a low grade consider dropping the dual credit
 - If you feel you will receive lower than a 2.0 in the course, DROP before the WD period. Communication with your teacher is crucial

And here's why...

DUAL CREDITS

- Students are not eligible for state or federal financial aid while enrolled in high school. However, because they are recorded on the college transcript, grades earned for dual credit courses can impact a student's future financial aid
- **Satisfactory Process:** After completing high school, students must meet a college's satisfactory progress standards to remain eligible for financial aid. Most college's policies require students to maintain a 2.0 or higher college GPA and complete 67% of their coursework
- **Repeated Course Rule:** Students are limited to one retake of a course if they have made a passing grade. Financial aid will not be awarded for a course after the passing grade and one retake

WHAT SHOULD I DO NOW?

- Become familiar with the Guidance Website
- Audit your transcript - you should be able to answer these questions:
 - What classes do you need next year? What diploma are you on track for? What dual credits do you have?
- Go on college visits... you don't have to wait until your senior year!
- Explore careers and college majors - if you're completely unsure, take career inventories to help guide your search or job shadow
 - Indiana Career Explorer or Naviance
- Contact schools for information
 - Write down deadlines and gather what they ask for
 - Start to narrow down schools/programs you want to apply to
- Register for and take the SAT or ACT
- Figure out who you will ask for letters of recommendation
- Look at this year's scholarship page - start preparing now for deadlines

KEEP PUSHING YOURSELF!

- This semester is the last semester colleges will see when you apply in the fall
- Remember colleges do care about your senior year course selections and grades!
 - You can be accepted and then denied months later if your grades significantly drop or you don't earn the diploma you were originally on track for - they do review your final transcript!
 - Continue to take rigorous classes - colleges ask for a list of your senior classes
 - Continue to be involved in extracurricular activities - or start if you haven't been involved thus far

DO WE HAVE YOUR EMAIL?

- More and more we are communicating to students and parents through email. To ensure you are receiving the updates and latest information, please make sure the guidance office has the email address that you check consistently
- Be sure to check your email on a frequent basis as we send several important announcements & reminders out throughout the year
- Students - make sure you're checking your school email!
- Also, be sure to check that emails from the guidance department aren't being sent to your junk mailbox
